Foreword

This year's competition is organised by my own Federation, N&EMPF, and I will have great pleasure attending the first showing at The Gilstrap Centre in Newark, Nottinghamshire. After the threat of the venue closing, sense prevailed and the venue continues to be used whilst its future is sorted out.
The organisation of these events, realised by everybody who has been involved previously, takes a lot of time. Though N&EMPF's Alliance Exhibition Secretary, David J Severn, passed the job on at the AGM in March as he became President, he continued to act as contact, receiver of entries and organiser as he was the listed contact sent out by the PAGB. Our thanks to David and N&EMPF.
The three judges, and I was one of them, did a good job putting their expertise and experience to mark all the images and select the award winners. Our thanks to Jane Black ARPS HonPAGB and Bob Underhill ARPS for giving their valuable time. This is a difficult exhibition to judge as the entries have all been pre-selected by the Federations from their own exhibitions.
Our congratulations go to The Midland Counties Photographic Federation for winning the Monochrome Print Section and to the North & East Midlands Photographic Federation for coming first in the Colour Print Section, and to the medal and ribbon winners. These are listed in this catalogue.
The exhibition travels around the country so please make the effort to view it as you will see a fantastic collection of the best club photography in the UK and support the Federation's use of the venues.

My interest in photography began on my 12th birthday when my sister gave me a Coronet box camera. I got hooked and wanted to produce my own images and started making my own monochrome contact prints on a chest of drawers in my small bedroom.

I soon progressed to a better camera to be able to take photos of racing cyclists, which was my first passion as I had been cycling from a very early age. I became quite proficient at producing mono prints up to 10 x 8 inches from my basic set-up, having added a Gnome Beta Enlarger with money raised from two paper rounds.

Eventually a cycling friend persuaded me to join a local camera club, so in1964 I went along to Smethwick Photographic Society and was so impressed I joined the following week.

The first competition was a bit of an eye opener because of the quality and size of the prints that the advanced members were producing. The 20 x 16 flush mounted prints were four times the size of anything that I had attempted.

I invested in darkroom and other equipment to produce mono prints and, later, colour prints. I started entering the Club competitions and then the Federation exhibitions which led on to national and international exhibitions. I had my fair share of success, picking up a number of awards along the way.

I was a late starter at digital photography but have now embraced it as most others have done.

I have been a long term member of Smethwick's committee and have served three separate terms as President, a fact of which I am very proud. I was also made an Honorary Life Member. I am a speaker and PAGB Judge, and I earned my living as a photographer.

PROFESSIONAL REVIEW

"I aim to crystallise the endlessly varied light, colours and texture of nature in my landscape photographs. At the end of a chain of photographic processes, the print is the culmination and fulfilment of that effort, and the paper is critical to the success of the print. Fotospeed's Smooth Cotton 300 is my choice"

Jane H Black ARPS Hon.PAGB FPSA

Photography has been a hobby and a passion for over fifty years. My main areas of interest are landscape, travel and people. The natural beauty of the Northumbrian coast and its seasonal moods hold a special fascination.

From joining Tynemouth Photographic Society in 1959 while still at college, I went on to be a member of the Northern Counties Photographic Federation Executive in 1965 and became the first woman President in the Federation's 75 year history. In 1979 I gained my Licentiateship of the Royal Photographic Society and became an Associate Member ten years later.

I have been deeply involved with the promotion and organisation of photography at a local, national and international level. This has included founding the Northern Counties International Salon of Photography for Colour Slides; serving as Competition Secretary for the Executive Committee of the Photographic Alliance of Great Britain for 12 years and taking on the role of its National President.

For the past twenty years I have been the Regional Organiser for the Northern region and responsible for the RPS annual programme of events. Over the past four decades I have been a club lecturer and now am also a national and international PAGB judge.

Since the turn of the century, I have received a Fenton Medal by the Royal Photographic Society and have been awarded Hon PAGB by the Photographic Alliance of Great Britain. Last year I was delighted to be made a Fellow of the Photographic Society of America in recognition of "outstanding service in the field of amateur photography."

Peter W Cheetham APAGB

Whilst at Grammar School, my main interest was playing rugby union, but I did have a camera - it was a Coronet, bought when I was 12 to photograph Lord Rowallen, then Chief Scout. Whilst at college, I became more interested in photography and when I moved south to Nottingham, my father-in-law persuaded me to join Long Eaton Camera Club in 1969 and I've been a member ever since. My first serious camera was a Praktica Nova 1.

I have served on the N&EMPF Executive Committee for more than 30 years and, having been President twice, I am very honoured to be elected as an Honorary Life Vice President.

My photography is still based around a black and white darkroom and, though I own a digital SLR, I only produce prints from film. I am a Leica user and regularly have three cameras on the go with different types of film in them.

Having been a helper at the PAGB Inter-Club event at Warwick for many years, I was elected as the N&EMPF representative to the PAGB and became President in 2011.

As organiser of the competition, my first thanks must go to Newark and District PS, without whom there would be no showing in the N&EMPF region. They cut short their club exhibition at the Gilstrap Centre to be the venue for the official opening and their members kindly helped with hanging the prints.
Thanks also go to:
Peter and Carol Cheetham for framing the prints and putting them into order, along with Peter Jones and Sue Wilson;
David Gibbins, Gary Langley, Louise Walton, Peter J and Sue who moved prints, shouted scores and titles, and put the prints back into Federations on Selection Day;
Carol for her excellent catering for lunch, proof reading and keeping me on time;
My partner Pamela, who collected boxes, labelled prints, answered the door to the postman (mostly at 7am in her dressing gown!), chauffeured judges, made tea and ended up moving prints on Selection Day, even though she has no involvement in club photography.
Pamela has also helped put this catalogue together and Briden Print has printed the catalogue.
Thanks also must go to Jim Hartje for the DVD presentation, Gordon Jenkins and Daphne Hanson for answering questions promptly and accurately, the sponsors and advertisers of the PAGB, and of course all the judges, Federation officers and entrants.
