

The Photographic Alliance of Great Britain

The Inter-Federation Competition and Exhibitions RULES

1. Event

The Inter-Federation Competition and Exhibition are held each year.

The Competition is a single Event in three Categories:

- Monochrome Prints
- Colour Prints
- Nature Prints

The Print Exhibition follows the Competition.

The General Conditions for PAGB Competition Events are included in these Rules. A copy is at Appendix One.

2. Eligibility

2.1 Entrants

Every Member Federation of the PAGB may enter any or all Categories of the Competition.

Each Entrant Federation is responsible for ensuring the eligibility of Photographers, Images and media as set out below and in the General Conditions. Federations should communicate with Photographers as necessary before submitting their entry.

2.2 Photographers

A Photographer may only have Images entered by one Federation each year.

A Photographer must be a bona fide member of a Club affiliated to the PAGB via the Entrant Federation.

2.3 Images

An Image by a Photographer, or an Image so similar as to be nearly identical, may only be entered into one of the Categories, and is not eligible if it has been entered previously to any Inter-Federation Competition.

2.4 Prints

Each Print may be of any size, but must be mounted on lightweight board(s) of size 500x400mm.

The tolerance on mount size is +/-2mm, and the mount must not exceed 4mm thickness. At the Chairman's discretion, Prints outside the specification may be judged but cannot win an Award or be selected for the Exhibition.

The mount must not carry any fixings or other material likely to damage Prints when stacked.

Identification labels will be provided, and must be fixed to the back of the mount. When viewed from the back, the label should be placed as close as possible to the top right corner.

2.5 Image Files

Image files must be in RGB mode (even for monochrome images) and in the sRGB colour space. Files must be saved in JPEG format: saving at not less than quality 10 (80%) is sufficient.

The maximum image dimensions are 1600 pixels horizontal by 1200 pixels vertical. Images file with larger pixel dimensions than these limits, and any Image file larger than 2MB, will not upload.

3. Entries

All entries must be declared using the PAGB on-line Entries System.

Print entries require upload of a matching Image File. In addition to the Print labels, the system provides a download of documentation to be sent to the Organisers with the Prints.

The eligibility of Monochrome, as cited in the following sections, is at Appendix Two. An Image which is not eligible as Monochrome is a Colour Image.

The eligibility of Nature, as cited in the following sections, is at Appendix Three.

APPENDIX ONE

GENERAL CONDITIONS FOR PAGB EVENTS

The Rules, contact details, invitations, timetables and other information for each Event will be published by the Organisers.

Matters relating to interpretation of the Rules will be decided by the Chair of the Organisers, subject only to the PAGB Breach of Rules Procedure. A copy of the Procedure is available from the PAGB website.

The Judges for an Event are not eligible to have any Images entered to that Event.

By entering, the Photographer consents to the retention by the PAGB of information identifying the Photographer as the creator of an Image. Where a Federation or Club is the Entrant on behalf of multiple Photographers, then the Entrant warrants that each Photographer has consented to the retention of identifying information as if the Photographer had entered in person

The PAGB cannot be held liable for the loss, misuse or non-entry of any Images or other material used for an Event, no matter how this loss or damage may occur.

The PAGB reserves the right not to exhibit an individual image, and delegates such decisions to the Chair of the Organisers of each Event.

All trophies will remain in the custody of the PAGB, and may not be removed.

All compilations in the form of Catalogues or complete Exhibitions remain the copyright of the PAGB. Copyright of the individual images remains with the respective Photographers

An entered Image may be used by the PAGB in any form to announce results and awards, to create catalogues, to create media circulated to participating Clubs including a PAGB Recorded Lecture, or for other PAGB related publicity including **e-news**. The Photographer of each Image will normally be credited with any use.

IMAGES

Images must be entirely the work of the Photographer. In composite images, all component images must meet this requirement. For the avoidance of doubt, use of images from any other source including, but not limited to, royalty free image banks and clipart are not permitted.

An Image, including the front of a print mount, must not display any of the Photographer's name, the Club or the Federation.

For the PAGB Events with Club Entrants, such as the Print Championship, Projected Digital Images Championship, GB Trophies and GB Cups:

- A Club may not enter the work of more than one Photographer who resides more than thirty miles outside the boundaries of the Club's Federation.
- An Image, once entered via one Club to one of those Events, may not be entered to another of those Events via a different Club.

Where an Image is determined to be ineligible for the Event to which it is entered, then it may be possible to substitute an eligible Image before the Event takes place. If this cannot be done, the Chair of the Organisers has discretion to allocate a score of zero to the ineligible Image and, if the Image received an award, to withdraw that award. Where an order of merit is calculated using a defined number of scores, then any zero scores shall be counted first and before the top scores in descending order.

APPENDIX TWO

MONOCHROME ELIGIBILITY IN PAGB COMPETITIONS

Monochrome Images include:

- An Image in tones of neutral grey ranging from transparent/white to opaque/black.
- An Image in a single colour:
 - A Print using a chemical process such as sepia, cyanotype, etc..
 - A digitally produced Image 'colorized' in a single hue.

APPENDIX THREE

NATURE ELIGIBILITY IN PAGB COMPETITIONS

Nature means Images where living organisms are the primary subject matter. The story telling value of an Image will normally be weighed more than the pictorial quality.

Nature includes:

- Images taken with subjects in controlled conditions such as zoos, game parks, botanic gardens, aquariums and enclosures where the subjects are dependent on man for food. Scientific bands, tags or collars are permissible.

Nature excludes:

- Images where the subjects are obviously domestic animals or plants.
- Images where an obviously artistic treatment has been applied.

Processing of the captured image, by cropping, exposure adjustment, colour correction, noise minimisation, dodging/burning, HDR, focus stacking and sharpening, is permitted, as is cloning of image defects and minor distractions including overlapping elements.

An Image appearing to meet these criteria will be accepted as Nature. The Judges will normally assume that any Image presented to them is eligible.

Access to some biological subjects may be restricted. Where that is relevant, then Photographers warrant that they have followed relevant codes of practices and hold any necessary licences.
